# LEADER BOARD™

"Pro Golf Simulation"
By Bruce & Roger Carver

Access welcomes you to the exciting world of professional golf with **LEADER BOARD**. With amazingly realistic 3-D animation, golfers will face multiple 18 hole golf courses that demand strategy, total concentration, and control to come in under par.

LEADER BOARD is the most realistic golf game available because it is actually a <u>simulator</u> that gives you a true perspective view of your golf game.

There are three levels of play so you can compete from amateur to touring professional. You'll get all the fun, aggravation and stimulation of true golf competition!

- **Suggested Retail Price $39.95**
- **1 to 4 Players**
- **Choice of Club, Distance, Type of Shot (hook, slice, putting) and More**

MACH 128 ™

Commodore 128/1571
Enhancement System
By Kevin Homer

MACH 128 CARTRIDGE

MACH 128 is a multi-featured enhancement package for the Commodore 128 computer in either the native 128 or C-64 emulation mode. The easy-to-use cartridge inserts into the expansion port of the Commodore 128 and provides a switch to select the operational mode. A handy reset button is also provided on the cartridge for "warm starts" of the computer.

MACH 128 speeds program loading by as much as 500% on the 1541 disk drive or the 1571 disk drive in 1541 mode. In special "warp drive" mode, program loads may be increased up to 700% faster, and "warp" mode may be engaged or disengaged at will. MACH 128 also performs program loads at normal "burst" speed with the 1571 drive in 128 native operational mode.

Other outstanding features include:

- **Auto Boot on Reset**
- **Loads 95% of all Software Including Protected Games**
- **Full Help Menu at the Touch of a Key**
- **Eliminate 1541 Disk Rattle**
- **Print Screen (screen dump to printer).**
- **Restore Basic Program (old).**
- **Auto Run any Basic Program.**
- **Open and Close Printer Channels with a Single Key.**
- **Send DOS Command (@).**
- **Hex, Decimal Binary Converter**
- **Mode select switch.**

Suggested Retail Price $49.95

MACH5 ™

COMMODORE 64/1541 ENHANCEMENT PACKAGE

MACH 5 is designed to increase the power and flexibility of your Commodore 64 with 1541 disk drive.

MACH 5 CARTRIDGE

You have more important things to do than wait for your disk drive to load your favorite program. MACH 5 CARTRIDGE will load programs up to 5 times faster than normal. Plug MACH 5 into the cartridge port and turn on the computer. That's all there is to it. Compare these features with other "fast loaders."

- Load programs up to 500% faster.
- Full help menu at the touch of a key.
- Eliminate 1541 disk drive rattle.
- Print screen (screen dump to printer).
- Restore basic program (old).
- List disk directory without erasing program in memory.
- Pause or exit from directory listing.
- Execute short hand load commands from directory.
- Auto run any basic program.
- Open and close printer channels with a single key.
- Disable and re-enable features without turning off computer.
- Compatible with all popular printers.
- Send DOS command (@).
- Load virtually 95% of all software, even protected games.
- Completely transparent. Does not disturb RAM.

Suggested Retail Price $34.95

Multibotics

ROBOTIC WORKSHOP MB230
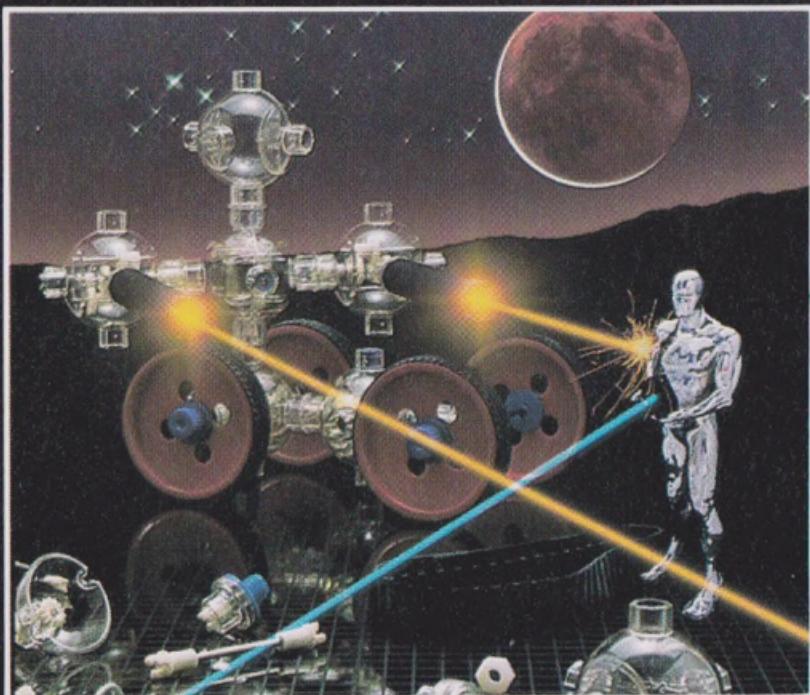

The MB230 is designed for use with your home or personal computer. It is a complete Electronic Instrument and Electro-Mechanical Workshop which contains Interface Unit, D.C. Motors, Gears, Sensors, Construction Components, Disk Based Software and instructions for 50 sample projects.

Included are:
- Digital Storage Oscilloscope
- Digital Voltmeter
- Digital Speech & Sound (Record/Playback)
- A/D-D/A Conversion
